# RED RIDING HOOD

A SPARKLING FAMILY PANTOMIME

Welcome to our production of Red Riding Hood.

We started some nine months ago searching for a script and thanks to Pauline Purkiss and Derick Woods in updating Norman Robbins script I think you will find that this production comes up to our normal standards.

Members have worked very hard and had great fun rehearsing over the last four months and whilst there are a lot of frustrations associated with such a production I think I can say that they have been outweighed by the rewards.

The kids have again excelled themselves with their hard work and it is not without the time given by Sue Calles and Debbie Priebe that you will enjoy the part they play in bringing the panto to life.

A pantomime is nothing without music and we are very grateful to have the talents of Jonathan Cooper, as our Musical Director. Jonathan, Mark who plays guitar, and Chris on lights are all from Collyers and studying for their 'A' levels.

The work that goes into the set design and construction is as always a big task. The organisation of Michelle Woods and the support of other members of the team has been well spent and I think you will appreciate this commitment in the sets you will see. Likewise Rose Burton and her 'sewing circle' who have spent many hours making the costumes.

Space does not allow me to thank everybody but there is nobody that hasn't pulled their weight, many of whom you never really see.

As always I must make a plea for new members. You would be surprised at the skills and attributes you may have to offer the society. All you need to have is commitment to get away from the telly for a few hours a week and I can guarantee you will enjoy yourselves if you throw yourself into it. There is a form in the programme for you to complete alternatively you can give me or Liz Griffiths a ring if you are interested in joining.

Thank you for your support and enjoy the show.
